Partido Komunista ng Pilipinas (PKP-1930) ***Philippine Communist Party***

**Statement of the Partido Komunista ng Pilipinas (PKP-1930, The Philippine Communist Party)
Calling for Withdrawal of Israel Occupation of Gaza, for Ceasefire between the Parties and for
Peaceful Resolution of the Conflict**

Today the invasion and occupation of Gaza will be month long. Thousands of lives mostly woman and children has been slaughtered, and another several thousands were injured and Gaza has been ruined;

The genocidal and apartheid aim of Israel toward Palestine is concretely manifested in the turning the whole of Gaza to be the cauldron of death, horror and misery;

Prolonging the war would mean more lost lives, properties, miseries and exacerbating the whole of Middle East towards destruction, death and chaos that might flank the world toward global economic collapse, chaos and total war;

A regression that benefits the few imperialists, the globalist, the racist, the Zionist and fascist; As war and conflict, apartheid and genocide, oppression and colonialization nourishes their interest for profit, for military and political hegemony;

Therefore, the current war wage against the people of Gaza, against the state of Palestine should not be viewed as specific and limited war confined at the fence wall of Gaza, of Palestine, of the Middle East! Conclusively and on the contrary it is war waged by the racist, fascist and imperialist against the people of world, against civilization and humanity;

We, the Partido Komunista ng Pilipinas (PKP-1930, the Philippine Communist Party) joined the global call for immediate ceasefire, for peaceful resolution of conflict, for the recognition of Palestine as free, and sovereign state, for end of Palestinian Diaspora and for returned of the Palestinian land, for global peace! And No to War!
